# Devastating floods in Kerala, India

Thousands of people are trapped in their houses with no food or water! The worst floods of last 100 years!

## As of today (18/08/2018; 13:00)

- Damage to infrastructure, houses, property, and agriculture losses amount to USD 1 billion;
- Over 500 people died;
- Over 400,000 people are displaced and are in 3600 rehabilitation camps.
- Death toll and number of displaced people are increasing every hour, as the rescue teams just started recovering; water level is still increasing in new areas.
- Almost all of the 44 rivers in the State are overflowing, and the shutters of 35 out of 39 dams in Kerala had to be opened to release water.
